

The screenshot displays the ZXF IPTV system management interface. The top section is a login page titled "智慧桌面管理系统" (Smart Desktop Management System). It features a login form with fields for username (admin) and password (hassmedia), a checkbox for "同意本协议" (I agree to this protocol), and a "登录" (Login) button. Below the form, a note states: "本系统推荐使用谷歌和火狐浏览器。" (This system recommends using Google and Firefox browsers).

The bottom section shows the main menu of the "中信服IPTV系统" (Zhongxin Service IPTV System). The menu includes options like "功能列表" (Function List), "服务器设置" (Server Settings), "线路示意图" (Line Diagram), "设置向导" (Setup Wizard), "网络设置" (Network Settings), "网络状态" (Network Status), "直播服务" (Live Service), "频道管理" (Channel Management), "自办频道" (Self-produced Channels), "多节目流入" (Multi-program Inflow), "服务重启" (Service Restart), "终端管理" (Terminal Management), "终端管理" (Terminal Management), "应用管理" (Application Management), "模板管理" (Template Management), "滚动消息管理" (Rolling Message Management), "系统管理" (System Management), "设备重启" (Device Restart), "系统激活" (System Activation), and "系统信息" (System Information).

The "线路示意图" (Line Diagram) section displays a network diagram titled "光纤三网融合方案（电视、电话、WIFI）" (Fiber Optic Three-Network Integration Solution (TV, Phone, WIFI)). The diagram illustrates the integration of TV, Phone, and WIFI services over a fiber optic network. It shows the connection between various components: "运营商电视信号" (Operator TV Signal), "Internet接入" (Internet Access), "中信服采流设备" (Zhongxin Service Streaming Device), "电话管理系统" (Phone Management System), "OA办公系统" (OA Office System), "核心交换机" (Core Switch), "中信服IPTV系统" (Zhongxin Service IPTV System), "中兴路由器" (ZTE Router), "分光器" (Splitter), "OLT" (Optical Line Terminal), "终端电视" (Terminal TV), "WIFI光猫" (WIFI Optical Modem), "互联网设备" (Internet Device), and "房间" (Room). The diagram also includes a legend for "网线" (Cable), "光纤线" (Fiber Optic Line), and "电话线" (Phone Line).
